# EcoTac With Integrated 3D Border Machine

## High-Speed Four Head Simulated Side Stitching Machine With 3D Border System

The EcoTac when combined with the Euromax 3D border system revolutionises your border production capability. With a programmable sewing system, the EcoTac can produce a range of high-end simulated side stitched border effects at the touch of a button which can then be combined with 3D border effects. With the EcoTac the possibilities are endless.
